

# CAPABILITIES STATEMENT

## Spectrum Recruiting Solutions, LLC

Utah's Engineering & Manufacturing Recruiting Solution

*Build the Team You Want or Deal with What You've Got*

Spectrum Recruiting Solutions was founded in 2018 with the vision of diversifying and amplifying the historically homogeneous workforces that dominate engineering and manufacturing in Utah. We specialize in filling ALL positions within these industries. We partner with companies to implement hiring strategies which promote diversity, equity and inclusion, resulting in technological advances, increased revenue and overall success. We collaborate with clients to develop and execute innovative hiring approaches, customized to fit their needs and save time. No matter what product or service you provide, your people are your business and your business is only as solid as your team. We help you recruit, manufacture and engineer that team.

### MISSION STATEMENT:

We believe that everyone should have the opportunity to work for a company that supports and encourages them to perform at their best! We believe that our partners share the responsibility to build and develop diverse teams that will result in technological advances within the engineering and manufacturing industries. We trust that when the right hire is made, the results will have a positive impact on the quality of life for everyone involved. We care about making a real difference and exceeding expectations. We recognize how crucial it is to make a great placement for a mutually-beneficial, long-term outcome.

We are proud to be your strategic talent acquisition partner, united in this MISSION.
